Welcome...

Welcome to our 5th Annual Elite Female offering. A lot of things in this world have been different lately, but one thing that hasn't changed is our desire and drive to bring our customers the best cattle possible. Quality over quantity has always been our standpoint and this year is no exception. We truly feel there is something for everyone, whether your looking to be competitive in the show ring or add a cornerstone female to your program. At Boss Lake our main focus is the momma cow and we pride ourselves in producing just that. Functional, sound individuals that are easy doing and bred with longevity in mind, without compromising a sleek, feminine look.

This is by far the strongest set of females Boss Lake has assembled to date. However, in saying that, it should be. If our females are not continually improving and growing with breed standards, or rising to a new level of competitiveness, are we really doing our job. While trying to build numbers, we have pushed the limits on striving to make superior genetics, for ourselves and our customers!

You are cordially invited to our Open House on October 10th at Boss Lake Genetics, Parkland County. View the heifers anytime after 1:00pm, join us for supper at 5:00pm and stay for some hospitality and socializing.

Please don't hesitate to contact any of us at Boss Lake, First Class or SC with any questions you may have. We would love nothing more then to assist you with your next purchase. Hoping everyone has had a bountiful harvest. Can't wait to catch up with you all down the road!

Here is a girl that has brood cow written all over her. 008H has been a crowd favourite from day one. She impressively combines soundness, balance and power in a gorgeous dark cherry red package. You will travel a lot of miles to find a PB Limousin female that is this complete and genetically backed by proven families on both sides. Added bonus is she's super hairy and extremely gentle.

DUFF NEW EDITION 6108
MATERNAL GRANDSIRE

Big time cow potential in this Pedigree daughter. Watch this heifer come and go on a flawless set of wheels and you are sure to fall in love with her. Plenty of power and dimension, yet a presence that you can't miss when she hits you on the profile. She is elegant through her front third, robust through her middle, has plenty of shape and ties it all in beautifully on the move. A female that checks all the boxes.

MATERNAL GRANDSIRE

For an operation that loves to competitively show, this female is very hard to let go of. She has a look that is hard to forget and when you analyze her lines there is not much you would change. She's big middled, jet fronted and when you set this heifer in motion she fills her track on a solid foot. This Style heifer is quite possibly one of the best Angus heifers to ever be raised at Boss Lake. If you are serious about hanging banners, this heifer is a must.

W/C LOADED UP 1119Y
SIRE

MADER OPAL 217C
DAM

Who doesn't love a baldie! This Loaded Up female was a result of some embryo's purchased from Mader Ranches. 035 exemplifies all the presence and look you would expect from Loaded Up and the width, power and dimension you would get from a Mader female. She has the best attitude, is good haired, gives you a killer look and loves to show. Truly a sale highlight.

BOSS LAKE MS ELLE 638D
MATERNAL SIB

The last original Elle daughter to be offered from Boss Lake and what we feel is the best one to date. Being a March, this heifer is a little greener in her condition, but don't look past her for that. She is built as good as you can make one from the ground up and ultra sound. Long necked, elegant and stylish, yet carries herself with plenty of rib shape and dimension. This female has a bright future whether its collecting banners herself, or making ones that do.

BOSS LAKE MS 41023
DAM

Normally the clubby heifers are successfully sold by private treaty, but when they are this good, they easily earn a spot in the online sale. 027H is as complete as you can make one. She can get out and move, is perfect jointed, stands on a solid foot and when you analyze her on the profile she has a really cool look about her. Fu is soft made and truly reads as being very maternal. The breeding options are endless which makes her even more unique. TH pending.

past sale success highlights...

Thank You...

to all the bidders and buyers for your confidence in our program.

TERMS AND CONDITIONS:

All lots are sold under the terms and conditions indicated by SC Online.

PAYMENT/US EXCHANGE:

All cattle must be paid for at the time of purchase unless prior arrangements have been made. American funds will be accepted at the rate of exchange determined on sale day. All Canadian buyers pay Boss Lake Genetics and all American buyers pay SC Online.

INSURANCE:

If you have made arrangements to have any purchase(s) remain at Boss Lake Genetics after the sale, we strongly recommend you obtain cattle insurance through an insurer of your choice for the full purchase value. We will not be held liable for any animals remaining at the farm following the sale.

RIGHT TO FLUSH:

Boss Lake Genetics reserves the right to one successful flush on any of the 2020 BLG Elite Heifers. Flush will include a minimum of 6 grade 1 embryos at the buyers convenience and the sellers expense.

DIRECTIONS:

GPS address: 52213 Range Road 20, Parkland County, AB T7Y 2G6
Text anyone in the contacts list to obtain a PIN drop to your iphone.

DELIVERY:

All animals must be removed from Boss Lake Genetics by Nov 1, 2020 unless prior arrangements have been made.

HEALTH:

All animals are current on vaccinations.

ERRORS:

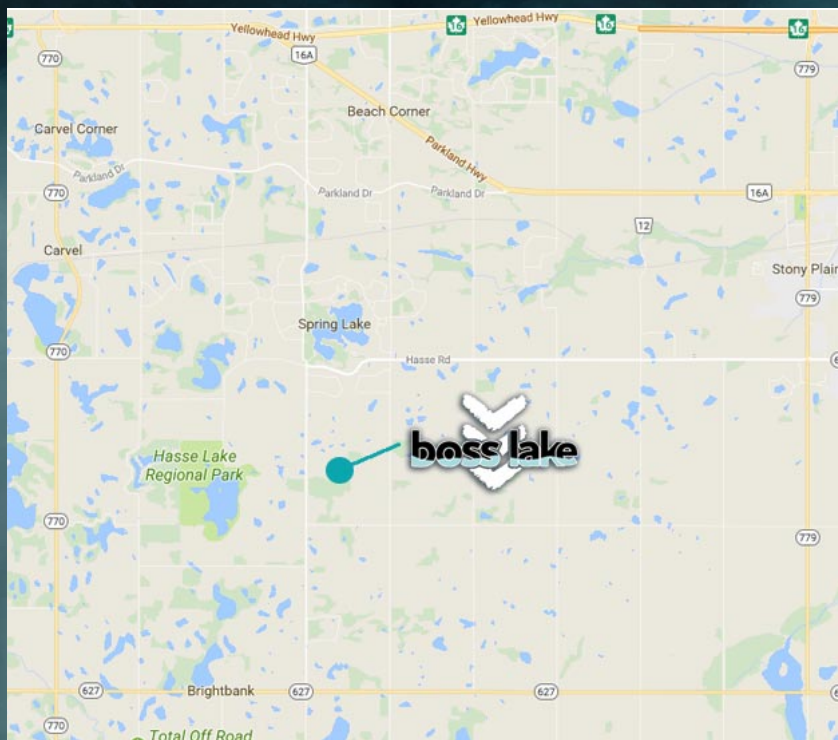

All information posted on SC Online will supersede any written material in the catalogue.

ACCOMMODATIONS:

Camping available at the farm; please confirm prior to your arrival.
